16 JUL 1973

MEMORANDUM FOR THE EXECUTIVE SECRETARY, COMMITTEE ON IMAGERY  
REQUIREMENTS AND EXPLOITATION

SUBJECT: Downgrading of Selected Photography for National  
Academy of Sciences (NAS) Environmental Studies (U)

Reference: Telephonic requests of 27 November 1972 and 5 January  
1973 between [redacted], DIA and [redacted] CIA.

25X1A

25X1A

1. (S) By referenced telephonic communications, DIA was granted authority to downgrade to FOR OFFICIAL USE ONLY selected photography for use by the NAS Committee on the Effects of Herbicides in Vietnam. The Committee's report, as contracted with DoD under Public Law 91-441, is to be delivered to DoD in August 1973. The Committee has requested that one GIANT SCALE frame of photography [redacted] be declassified for public release as a part of the final report. Normal sanitization precautions will be taken prior to releasing these frames such as removal of fiducial marks, program identification, etc. With the numerous other photographic programs covering Southeast Asia and the lack of any source attribution, DIA considers that no security risks are involved.

25X1D

25X1D

2. (S) In addition, the Committee has found it necessary to substantiate its findings with another study. As with the initial study, it is requested that selected GIANT SCALE photography of [redacted] be downgraded to FOR OFFICIAL USE ONLY. It is necessary that the Committee be permitted to use this photography in lieu of on-site analysis because of limited access to those areas. The photography will be returned upon completion of the study to be recontrolled.

25X1D

3. (U) Owing to proximate deadlines, DIA requests this matter be given highest priority consideration.
